The Economic Science Lab and the Eller College of Management are pleased to announce a conference in Honor of Vernon Smith's Eightieth Birthday with the theme Exchange Mechanisms and Auctions, to be held in Tucson on Friday Dec. 7 and Saturday Dec. 8, 2007. The program committee welcomes submissions of theoretical and experimental papers. Financial support will be provided to presenters. Since we can accommodate only a very limited number of papers, we anticipate being highly selective in accepting papers. The submission deadline is October 1. Advanced graduate students interested in presenting their work during a poster session are also invited to submit a paper for consideration and \$500 will be provided towards travel expenses for presenters. Students should have their main advisor submit a brief letter of recommendation on their behalf to jwooders@eller.arizona.edu. The submission deadline is October 1. Further details about the conference can be found at <http://esl2007.econlab.arizona.edu/>.
